Learning the WOC Structure

WOC Board Job Descriptions

Board officers are required to be board members and to be cooperative members.

The president is empowered to sign documents on behalf of the cooperative. The president or his or her agent writes the agenda for board meetings and facilitates those meetings. The agenda is written by the president and done with the cooperation and input of the general manager.

The Vice president is to assume the duties of the President if the president is unable to administer his or her office or if the president assigns him or her to administer those duties.

The secretary provides notices of board meetings to the cooperative members and keeps board meeting minutes.

The treasurer provides a report of the cooperative's finances and accounts to the board on a quarterly basis at minimum. The treasurer compiles this report with the cooperation and input of the accounts manager.

Board Meeting Protocols

All board meetings are guided by the process set forth in the bylaws in Article IV Member Meetings.

Generally speaking, notice must be given to members when a meeting is to be held, there must be a quorum to hold the meeting and consensus voting protocols are used.

Protocols for board meetings have evolved to include a meeting agenda planned prior to the meeting, this has often been the responsibility of board president and/or the company's general manager. The meeting facilitator follows the agenda and runs the meeting. It is the duty of the board secretary to record the minutes of the meeting.

Consensus voting has been established in this manner to pass or decline items that are brought to motion:

- A vote of 1 finger means you agree.
- A vote of 2 fingers means you don't fully agree but you will not block the passage of the motion.
- A vote of 3 fingers means you don't agree, you are blocking and will provide an alternative solution (at the next meeting) if consensus is not reached.

More details can be learned by studying the bylaws section mentioned above and by attending a meeting.

Learning the WOC Structure continued

Review the Operating Policy.

Notice the differences in departmental policies. Most of this document is not new to you. What is new is understanding how the operating policy works with the bylaws. Compare and contrast of the two documents in a discussion with your mentor.

Big Picture thinking

This section may be updated each year after the board has completed the annual retreat. The following items should be discussed with your mentor.

	WOC Culture- Cooperation is at the core of our culture. Members will support our mission and vision and conduct themselves with integrity, honesty, transparency and kindness.
•	Mission Missio
•	<mark>Vision</mark>
	cuss the difference between Mission and Vision with your mentor.
	cuss what effect mission and vision have on employment and membership with our company.

Understanding Financials

Through education and by attending financial meetings, you will be expected to learn how to understand the following financial documents. These documents and others are reviewed on a regular basis in board meetings:

- Cash Flow- The cash generated by the business. This can be a cross section in time that accounts for cash on hand or a projected cash flow can be a tool for planning.
- P&L- Profit and Loss statement- a summary account used at the end of an accounting period to collect the balances of the nominal accounts so that the net profit or loss may be shown
- **Reconciliations** the process of checking financial accounts against one another. For example, 'Job reconciliations' compare the estimated or proposed costs compared to the actual costs when the job is complete. Bank reconciliations allow us to compare what the bank has recorded as compared to what our accounting system shows for the same period.

ft a plan with yo	our mentor to att	end financial n	neetings that w	ill cover these	financial state	ments.

Company Management

Policy and Protocol

Learn the difference between policy and protocol and where they are located.

Policies can be found in Company Policy Manuals.

Protocols for the company are maintained and updated by each department manager. With the assistance of your mentor and the department managers, briefly review the protocols for each department. Discuss your findings with your mentor

Notes			

Company Job Descriptions

As a member it is important to have a thorough understanding of each employee's job description. You or your mentor shall obtain job descriptions from each department manager. Study these job descriptions and discuss them with your mentor.

Notes			

KPI's- Key Performance Indicators 2019

Presently we use the following KPI's to analyze the health of our company *in addition to the professional advice* of our Chief Financial Officer/Consultant.

Production- to measure how we are doing with our construction jobs.

- 1. Gross Margin on each project-Target 40%
- 2. GPPPH dollar amount- Target \$68.00
- 3. Client satisfaction

Design- to measure how our design department is doing

- 1. Percentage of design cost to project cost-Target 10%-14%
- 2. Billable time vs Non-Billable Time- the target is billable time of greater than or equal to 45%
- 3. Conversion of design to construction, continually reviewing.
- 4. Client Satisfaction

Check your knowledge

Who was your mentor? Did your mentor do a good job helping you learn about your new membership? ☐ Do you understand what your participation will be during and after you become a member? ☐ Did you review the bylaws and complete the quiz? ☐ Do you know the WOC board job descriptions? ☐ Are you familiar with board meeting protocols? ☐ Do you understand consensus voting? ☐ Have you reviewed the operating policy? Do you understand the organizational structure as it relates to the decision making chart? ☐ Are you familiar with the members annual pledge? Have you discussed the big picture thinking about culture, mission, and vision with your mentor? Do you have a learning plan in place for understanding the financials?
